PUTNEY HOSPITAL.

THE REPORT of the Board of Management for 1943.

DURING the year the work of the hospital has continued under even greater pressure than in 1942, as the figures in the statistical tables show: the E.M.S. beds have been increasingly occupied by Service cases, and fortunately were little required for Air Raid Casualties. Only one serious "incident" occurred in the district when over 80 cases were received during the night, of which 40 were admitted, the remainder being sent home after receiving attention. Very gratifying letters were received from the Ministry and other bodies expressing their appreciation of the efficient way in which the emergency was handled.

The new X Ray set, mentioned in last year's Report, was brought into operation in the Spring, enabling far better results to be obtained in this important department.

The purchase of a short wave diathermy set for the massage department has also added greatly to the efficiency of the treatment in a service which is becoming increasingly important, and the erection of a large hut for Massage Patients helps to relieve the congestion in the Out-Patients department.

During 1943 this Hospital adopted the scale of Staff Salaries laid down by the Rushcliffe Committee, which means a considerably increased expenditure, only a small part of which is contributed by the Government. We may add that the effect of the White Paper published in February, 1944, will tend to bring Voluntary Hospitals still more under Government control.

There have been a few changes in the Staff during the year. Miss Orrett, the Almoner, resigned to take up an appointment under the Middlesex County Council and her place has been taken by Miss J. M. Gamble, while several senior members of the Nursing Staff have joined the Forces and gone overseas.

The Accounts for the year show an exceptional result as compared with 1942, owing to the revision of the rates paid for the beds under the control of the Government Emergency Hospital Scheme, thus rendering the figures unsuitable for comparison with previous years.

For the first time in the history of the Hospital the subscription list has reached four figures, a most encouraging result, but the ever increasing costs on the expenditure side require corresponding support quite apart from the building up of a reserve against the provision of the much needed extensions.

The Board wish to record their sincere thanks to the subscribers—to various Donors for both financial and material help—and to all other friends who, in various ways have given their assistance.

As regards the actual working Staff in the Hospital, the Board would like to thank:—

The members of the Honorary Staff, also the doctors who have given lectures to the nurses.

To Mr. Freebody, the Registrar, and his constantly changing colleagues on the resident staff.

To the Matron and her staff, both nursing and domestic, where once again the Board must record that, thanks to the way in which they are handled, there is never any dearth of applicants.

To Mr. Billington, the Pharmacist, whose dispensary is a model of efficiency.

To the Secretary and the Administrative staff, who are ever faced with new responsibilities placed upon them by the Ministries of Health and Labour, the Income Tax Authorities, Army Pay department, and similar organisations, who delegate their work to other people whenever possible.

Finally, the porters and the gardener with his nursery of fruit trees, which give promise of good crops, and all others who play their part in making a very happy and successful team.

Almoner's Report, 1943.

1943 has seen an increase in the number of patients treated in all departments of this Hospital, and the work of the Almoner's department has correspondingly increased. Two hundred and ninety-two Service patients passed through the ward, and convalescence was arranged for ninety-four of these. Sanatoria treatment was arranged for another five. The clerical work connected with the Services has been increasingly heavy, but has been more

than compensated for by the gratitude of the patients, and the obvious improvements in their general well-being.

Seventeen civilian patients were convalesced. This is a decrease from last year due to two main causes, the increased difficulties of finding convalescent accommodation, and the growing reluctance of the patient to be away from home longer than necessary in wartime. The District Nurses continue to give their invaluable help and visited fifty-nine patients in their own homes. Surgical appliances were supplied to eighty-two patients. Grateful thanks are due to the C.O.S., the Friends of the Poor, the Royal Masonic Society, the S.S. & A.F.A., and the other donors of money and Surgical Aid Letters.

The even tenor of work was rudely shattered by the air raid on November 7th, when this office was overwhelmingly busy, both with the time taken by routine dealings with Sector and the Service Authorities, also with the many personal sorrows and difficulties of the patients and their relatives. In this, the work was very materially aided by an anonymous donor who gave £15 and by a further £7 10s., raised by a girl as a thank offering for her personal safety. The willing and ever-helpful co-operation of the Police, Civil Defence, Red Cross, W.V.S., and the gallant efforts of the patients to help themselves were an inspiration to all.

We have examined the above Balance Sheet, dated 31st December, 1943, with the Books and Vouchers of the Hospital, and in our opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hospital's affairs as at 31st December, 1943, according to the best of our information and the explanations given us and as shown by the books of the Hospital. We have verified the investments, as shown by the attached schedules and held by the Haberdashers Company and Barclays Bank Ltd. as Trustees.

The above Balance Sheet is prepared and stated, to the best of our knowledge and belief, in accordance with the "Revised Uniform System" of Hospital Accounts.

PUTNEY HOSPITAL.

The Secretary begs to call attention to the advantage which would accrue to the Hospital if Subscribers would avail themselves of the concession granted by the Inland Revenue Department whereby the Hospital is able to recover income tax, which has been paid at full rate, in respect of subscriptions which are covenanted to be paid for seven years (or until the death of the subscriber if this should occur within that period).

The Secretary will be pleased to forward the necessary Form of Agreement for signature.

This, however, must be completed *BEFORE THE SUBSCRIPTION IS PAID*, as otherwise the advantage obtained is deferred for a year.
